Intensification of efforts to eliminate all forms of violence against women

After the last preambular paragraph, insert the following paragraph:

Reaffirms that the persistence of armed conflict in various parts of the world is a major impediment to the elimination of all forms of violence against women, and, bearing in mind that armed and other types of conflict and terrorism and hostage-taking still persist in many parts of the world and that aggression, foreign occupation and ethnic and other types of conflict are an ongoing reality affecting women and men in nearly every region, calls upon all States and the international community to place particular focus on and give priority attention and increased assistance to the plight and suffering of women and girls living in such situations and to ensure that, where violence is committed against them, all perpetrators of such violence are duly investigated and, as appropriate, prosecuted and punished in order to end impunity, while stressing the need to respect international humanitarian law and human rights law;
